AIPAC Appreciates American Help to Ensure Safety of Israeli Diplomats in Egypt

AIPAC appreciates the immediate intervention by President Obama and the U.S. Administration to guarantee the safety of Israeli diplomats and their families whose lives were in danger by an Egyptian mob at the Israeli embassy in Cairo. AIPAC encourages the U.S. to continue to urge Egypt to adhere to its treaty obligations with Israel under the Camp David Accords and its international commitments to maintain the safety of foreign embassies and diplomats.
